1. Introduction and aims

Schools and colleges play a crucial role in preventative education. Preventative education is most effective in the context of a whole-school or college approach that prepares pupils and students for life in modern Britain and creates a culture of zero tolerance for sexism, misogyny/misandry, homo/bi/trans phobia and sexual violence/harassment. This policy applies to all students, including those in the Early Years.

The purpose of this policy is to ensure that our Relationships and Sex Education (RSE) and Health Education supports our school ethos and fulfils our school aims, which are defined as:

- To promote and achieve high standards of academic attainment, using a personalised approach to learning; enabling all children to reach their potential.
- For each child, to be inspired, challenged and supported in all aspects of their development.
- To prepare children effectively for 'the right' 11+ and 13+ destination senior schools.
- To provide a compassionate and caring learning environment which allows each child to 'be their best self'.
- To support children to be leaders, to believe in themselves and to dare to be different.
- To educate children using the values of The Cumnor Way, timeless principles that form the bedrock of our school community.

The Cumnor Way

Our school values for the 21st Century pupil:

- **Courage:** the ability to try and believe in yourself
- **Compassion:** empathy, listen, share, helpful, kind, truthful, forgive, relating to the wider world
- **Belief:** No limitations, dare to be different
- **Endeavour:** unafraid, breaking boundaries, hard work, try
- **Integrity:** be honest, do the right thing, make the correct choices, trustful

1.1 This policy forms part of the curriculum.

1.2 We see the curriculum as, 'The total learning experience for our students, which includes not only the taught lessons but also the routines, behaviours, events, activities and other opportunities that our students experience on a daily, weekly and yearly basis in order to ensure that all of them make the best progress possible and attain high standards'.

1.3 A well-structured and coherent curriculum is a fundamental element of the tripartite education that underpins all successful schools and includes Teaching, Learning and Assessment (see model below) and is underpinned by Wellbeing.

The aims of RSE at our school are to:

- Provide a framework in which sensitive discussions can take place.
- Prepare students for puberty, give them an understanding of sexual development and the importance of health and hygiene.
- Help students develop feelings of self-respect, confidence and empathy.
- Create a positive culture around sexuality and relationships.
- Teach students the correct vocabulary to describe themselves and their bodies.
- Help students understand that healthy relationships are an important part of wellbeing.
- Prevent students from becoming involved in child-on-child abuse, and /or experiencing harm in school/in the community.

2. Statutory requirements

- a. Our policy follows the statutory guidance given by the government (DfE) and meets the requirements of the Independent School Standards. Aspects of RSE are infused within the day-to-day operation of our school; incorporated through the curriculum, both in content included in subject schemes of work and through other planned learning opportunities in the school. They are captured in our written aims and expressed in the ethos and behaviours of everyone.

- b. As a Preparatory School, we must ensure that every registered student who is provided with primary education at the school is provided with relationships education, in accordance with section 34 of the Children and Social Work Act 2017 and the Independent School Standards

At Cumnor House School we teach RSE as set out in this policy.

3. Policy development

This policy has been developed in consultation with staff, students and parents. The consultation and policy development process involved the following steps:

- Review – The PSHE Lead reviewed all relevant information, including but not limited to, relevant national and local guidance including regard to the school's obligations under the Human Rights Act 1998, the Equality Act 2010, (including the Public Sector Equality Duty), and their local multi-agency safeguarding arrangements.
- The policy was drafted in accordance with statutory guidance and aligned with the Independent School Regulations. The school curriculum plans were amended accordingly.
- Parent/stakeholder consultation – parents and any interested parties were invited to attend a meeting about the policy and offer commentary.
- Student consultation – students were consulted with about their RSE lessons in school council meetings.
- Ratification – once amendments were made, the policy was published.
- Policy review – this policy will be reviewed in 2025.

4. Definition

- a. RSE is about the emotional, social and cultural development of students, and involves learning about healthy relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.
- b. RSE involves a combination of sharing information and exploring issues and values.
- c. RSE is not about the promotion of sexual activity, sexual orientation, or a specific sexual identity.

5. Curriculum

- a. Our curriculum is set out in Appendix 1, but we may need to adapt this as and when necessary.
- b. We have developed the curriculum in consultation with parents, students and staff, taking into account the age, needs and feelings of students.
- c. Primary sex education will focus on:
 - Preparing all students for the changes that adolescence brings; and
 - How a baby is conceived and born.

It will:

- i. consider the ages, aptitudes and needs of all pupils, including those pupils with SEND/ and an EHC plan.
 - ii. not undermine the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs; and
 - iii. ensure that discriminatory, extremist opinions or behaviours are challenged as a matter of routine.
- d. For more information about our curriculum, see Appendices 1 and 2 and our Curriculum Policy

6. Delivery of RSE

- a. Our RSE is taught as part of our PSHEE curriculum. The PSHEE course is delivered to all students through discrete PSHEE lessons taught by our teachers. There is one lesson of taught PSHEE a week. Elements of the programme may be supported through the bringing in of additional expertise, such as outside speakers, trained health professionals, or the use of teachers with a particular interest or knowledge in a specific area. In addition to these discrete sessions, PSHEE is also embedded within the curriculum (e.g. social issues through the teaching of English Literature; Health through Biology and PE; Citizenship through History & RE). There are also centrally organised sessions which supplement the delivery in house.

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships, including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

- b. In Year 7 and 8:
RSE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds, including:
- Families
 - Respectful relationships, including friendships
 - Online and media
 - Being safe
 - Intimate and sexual relationships, including sexual health
- c. For more information about our RSE curriculum, see Appendices 1 and 2 and our Curriculum Policy.
- d. These areas of learning are taught within the context of family life, taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBTQ+ parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures), along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

7. Roles and responsibilities

Staff & Governance

a. PSHE Lead

The person with responsibility for the overview and yearly evaluation of this policy is Shawn Bolton. However, all staff are responsible for ensuring this policy is implemented and acted on.

When evaluating the use and impact of this policy, our school leaders will evaluate the extent to which there is evidence of a curriculum which:

- Fulfils the aims of the school;
- Embeds aspiration, attributes and the expectation to achieve high standards and high rates of progress; and
- Provides engagement and excitement for learning.

b. The Headteacher

The Headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw students from non-statutory components of RSE (see section 8).

c. The Chair of Governors

The Chair of Governors will hold the Headteacher to account for the implementation of this policy.

The Chair of Governors will ensure that:

- all pupils make progress in achieving the expected educational outcomes.
- subjects are well led, effectively managed and well planned.
- quality of provision is subject to regular and effective self-evaluation.
- teaching is delivered in ways that are accessible to all pupils with SEND (see below).
- teaching is sensitive to the needs of all students with protected characteristics under the Equality Act 2010.
- clear information is provided for parents on the subject content and the right to request that their child is withdrawn and,

- the subjects are resourced, staffed and timetabled in a way that ensures that the school can fulfil its legal obligations.

d. **Staff**

Staff are responsible for:

- Delivering RSE in a sensitive way;
- Modelling positive attitudes to RSE;
- Monitoring progress;
- Responding to the needs of individual students; and
- Responding appropriately to students whose parents wish them to be withdrawn from the non-statutory components of RSE.

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the Headteacher.

All form teachers are responsible for teaching RE and RSE to their form classes. This is undertaken following the curriculum plans carefully. For specific parts of the RSE curriculum the year group will join together with all form teachers to deliver certain topics.

8. **Students**

Students are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

a. **Students with Special Educational Needs and Disabilities**

Our curriculum is inclusive and our RSE and Health Education is accessible for all students. For those pupils with special educational needs or specific learning difficulties, the school has a well-established Learning Support department, led by our SENCo. Further details of this provision can be found in our Special Educational Needs and Disability (SEND) Policy.

High quality teaching that is differentiated and personalised will be the starting point to ensure accessibility.

As set out in the SEND code of practice, when teaching these subjects to those with SEND, Cumnor House School is mindful of preparing students for adulthood.

Cumnor House School is aware that some pupils are more vulnerable to exploitation, bullying and other issues due to the nature of their SEND. Relationships Education and RSE can also be particularly important subjects for some pupils; for example, those with Social, Emotional and Mental Health needs or learning disabilities. Such factors will be taken into consideration in designing and teaching these subjects.

9. **Parents' right to withdraw**

- a. If parents require more information on RSE for primary aged children, this is a useful information source of information for them:
https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/812593/RSE_primary_schools_guide_for_parents.pdf
- b. If parents require more information on RSE for secondary aged children, this is a useful information source of information for them:
https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/812594/RSE_secondary_schools_guide_for_parents.pdf

- c. Parents do not have the right to withdraw their children from relationships education.

Parents have the right to withdraw their children from the non-statutory components of sex education within RSE.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the Headteacher.

Alternative work will be given to students who are withdrawn from sex education.

A copy of withdrawal requests will be placed in the pupil's educational record. The Headteacher will discuss the request with parents and take appropriate action.

10. Training

- a. Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development programme. RSE training takes place in school with resources from the PSHE Association, this training is led by the PSHE Lead.
- b. The Headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

11. Monitoring arrangements

- a. The delivery of RSE is monitored by the Head of PSHE through:
- Work scrutiny
 - Lesson observations
 - Pupil voice meetings
 - Learning walks
- b. Students' development in RSE is monitored by class teachers as part of our internal assessment systems.
